To Whom It May Concern:

I would like to take this opportunity to convey my complete satisfaction in reference to J.E. Jackson & Associates. Their performance and quality on past projects has been excellent; with a very proactive attitude in working with us to meet very demanding schedules.

From start to finish, Joan is actively involved in the project to assure you are getting the best quality and a finish project you can be proud to turn over to any owner. Many of our projects are on active campuses, from K-8 schools to hospitals, and Joan's crews are always courteous and professional at all times on the job.

It is with pleasure that I recommend J.E. Jackson & Associates for any project for which you may be responsible.

Sincerely,

Rich Pritt
