To whom it may concern:

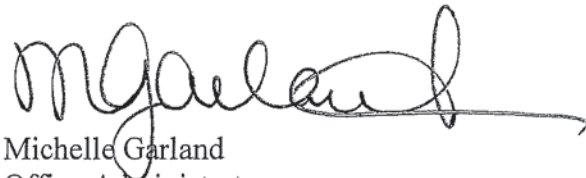

We have worked with J.E. Jackson & Associates, Inc. during the last several years on many projects. Ms. Jackson is reliable, detailed, and professional. Her crews are diligent in their effort to complete their tasks in a timely manner, well-organized and work well with the other trades. Joan is flexible with our schedule changes and has always completed her jobs on time.

Ms. Jackson has integrity and holds her crew and subs accountable to her, as well as to the deadlines and standards we set with her. Joan provided a detailed scope of work to be performed and follows up with a Quality Control Check at the end of each job to ensure that all work has been satisfactorily completed.

We enjoy working with Joan and highly recommend her services to any others, who require tenacity, honesty and the strong ability to consistently deliver a well-completed and thorough job.

Sincerely,

TENANT CONTRACTORS, INC.
